## Call for Papers

The European Intelligence and Security Informatics Conference (EISIC) is Europe's premier conference on Intelligence and Security Informatics. We are thrilled to announce that EISIC 2021 will celebrate the 10th anniversary of this premier conference series

EISIC presents the best of current Intelligence and Security Informatics research and practice, emphasizing the development, use, and evaluation of advanced information technologies, including methodologies, models and algorithms, systems, and tools, for local, national and international security-related applications. The conference promotes multi-disciplinary collaborations between researchers and developers from areas such as engineering, computer science, psychology, criminology, crime science, law, privacy and ethics, jointly with law enforcement, security and defence analysts and investigators to improve our capabilities for fighting crime and ensure the safety, security and trust of our citizens.

### Important dates

Paper Submission	15 April 2021
Paper Notification	05 May 2021
Paper Camera-ready	15 May 2021
Conference	10 – 11 June 2021

### Conference Web site

<http://www.eisic.eu/>

### Organizing committee

- Joel Brynielsson, Sweden (Steering + Program Chair)
- Vasileios Mavroeidis, Norway (General Chair)
- Audun Jøsang, Norway (General Chair)
- Nils Gruschka, Norway (Program Chair)
- Panos Kostakos, Finland (Program Chair)
- Panagiotis Karampelas, Greece (Publication + Web Chair)

EISIC 2021 is interested in, but not limited to, the following topics:

- Tools and Techniques for Analysing Crime Data
- Terrorism Informatics
- Organised Crime Analysis
- Financial and Fraud Analysis
- Serious Games and Security
- Collective intelligence
- Decisioning and Interaction
- Smart and Safe City
- Infrastructure Protection and Emergency Response
- Computational Criminology
- Border Control

### Types of submissions

- Regular papers (6-8 pages, roughly 8,000 words)
- Short papers describing work in progress (4 pages max., roughly 4,000 words)
- Posters (early ideas, late-breaking work, lab/centre reports, a 1-page extended abstract is submitted and included in the proceedings)

All submissions are to be written using the standard IEEE conference paper format.
